

## MANUALS

### Help for the channel list

The list of explorerTV's channels is on the right in the blue box; in the WebVersion you can open the channel list with a flat windows for more experience.

You can also click on the button "CHANNEL LIST" on the software for Windows.

The blue button below only on the explorerTV for Windows. Here is a picture of the button:

This button in explorerTV WebVersion is called "Flat List Channel" and it open the List of explorerTV's channels on the popup window, with more large space.

In the explorerTV WebVersion you can access on the channel simply click on the link in the "Name" column; you can open the channel in a new window; the stream will start automatically.
